

University of Kerala is entering into a competitive e-Governance procedure in all divisions. To achieve a full-fledged e-Governance system, skilled people in Information Technology (IT) are needed in all divisions, including academic, administration, finance, planning, and examinations.

We have enough IT-oriented staff positioned in the different sections but are not adequately trained. The objective is to equip the staff by giving proper IT training and making them part of the IT cadre and their office work. This is treated as a virtual IT cadre that supports the University's e-Governance activities.

At first the virtual IT Cadre may comprise of 25 members of Assistants & Section Officers familiar in IT related works.

The preferred age limit of the employees shall be 45 years as on 01.01.2022

Special Short Duration Training shall be provided to these members in Open Sources, IT Services, IT Equipments, Smart e-Governance, etc.,

Main duty of these members will be implementation e-Governance and centralised ERP System in the University
