DEPARTMENT OF PSYCHOLOGY  
UNIVERSITY OF KERALA  
THIRUVANANTHAPURAM  
KERALA.**

University of Kerala was established in 1937 by a promulgation of the Maharaja of Travancore, Sri. Chithira Thirunal Balarama Varma, the first Chancellor of the University. Kerala university is the mother University in Kerala (Re-accredited by NAAC with 'A++' grade and the Department of Psychology is one the prestigious department functioning from 1957 under the faculty of Science. The Department has offered M.Sc. M.Phil. and Ph.D. Psychology Programme .

### RELEVANCE OF THE PROGRAMME

India is facing acute shortage of Forensic Psychologist, only a very few institutions are offering training for the course. The trained Psychologists in India are less than the actual needs. In this context, it is very essential to conduct programs to focus skill development to better quality management of psychological problems relates to legal issues with the assistance of well-known experts working from reputed institutions to share their scientific psychological approaches to support civil and criminal justice administration. Apart from the theoretical knowledge latest practical knowledge is to be imparted to the participants.

### OBJECTIVE OF THE PROGRAMME

- To provide hands on training in various aspects dealing with Forensic Psychology
- To introduce current Psychological techniques available in the fields
- To focus on to learning various related materials and their applications
- To apply conceptual framework to forensic cases
- To move ahead from partial to better practice in Forensic Psychology

**Expected outcome:** This programme will benefit in understanding the key concepts of Forensic Psychology and will especially benefit the Psychologist who in future would be working in the field of Criminal law. It is an opportunity to implement effective techniques for bridging clinical and behavioral data with actual situation.

- Criminal profiling
- Demonstration of crime scene profiling
- Hand writing and signature examination
- Interview and Interrogation Techniques
- Modern methods of Forensic Psychology Investigation
- Other evidence based therapies
- Polygraph, Brain mapping & Narcoanalysis
- Psychological Autopsy
- Psychological evaluation of Eye-witness Testimony
- Reconstructive Mental State Evaluation (RMSE)
- Sexual assault victim coping
- Suspect Detection System
- Victim participation in criminal justice

The eminent speakers from reputed national institutions will deliver lectures.

### TARGET GROUPS

The programme would target faculty, mental health and medico-legal professionals, investigating and judicial officers, forensic scientists, research scholars and postgraduate students working in this field.

### REGISTRATION

Registration is required for attending the programme. The registration will take place on first come-first serve basis. Lunch and tea will be provided on every day. Registration conformation will be sending to you by e-mail.
