Sir/Madam
Kavyasastra acquires a paramount significance in the Indian knowledge system dating from the vedas. Eventhough, there are many celebrated schools in Indian poetry like Rasa, Alankara, Riti and so on, the Dhvani school acquires the first- rate position among them. We can see the glimpses of Dhvani from the veda literature up till date.

In this scenario, Centre for Vedanta Studies, University of Kerala map out to organize a National workshop on **The Philosophy of Eight Schools of Poetics, Possibilities of Dhvani theory and its influence on other languages**. It is been proposed to conduct as a continuation of the ten day workshop which was earlier ushered in 2017. The National Workshop will be conducted from 24/25 March 9 to 15 at **Orise Studio, Government Sanskrit College Campus, Thiruvananthapuram** with the study of 3rd and 4th Udyotas of Dhvanyaloka from 10 am to 1 pm and paper presentations in the afternoon session. Prof. P.C. Muralaemadhavan, Former Head of the Department, Sree Sankaradevaya University of Sanskrit, Director, Kanthalloor Research Centre, will inaugurate the function.

Dr. P.V. Narayanan Dr. V.R. Muralaemadharan will lead the Dhvanyaloka classes. We solicit the presence of all teachers, research scholars, students and all poetry lovers in this National Workshop.
