Clarification was sought from the EB Section regarding the elective subjects of II semester M.Tech Degree Programme under the branch Electronics and Communication Engineering.

The Chairman, Board of Studies in Engineering (PG) recommended the following modifications in the subject code and title of the elective subjects of II semester and the same was endorsed by the Dean, Faculty of Engineering and Technology.

1. A common code TTE 2002 be given for the subject ‘Secure Communication Engineering’ under the two streams ‘Microwave and TV Engineering’ and ‘Telecommunication Engineering’ and subject code TME 2005 be deleted from the list of electives. A single examination be conducted for the two different streams.
2. Subject code TCE 2003 - Secure Communication under the stream ‘Communication Systems’ be renamed as ‘Cryptography & Secure Communication’ to avoid the same name for different Syllabi.
3. The subject code of the following elective subjects shall be redesignated without changing the Syllabi.
  - i. Design of VLSI systems –TAD 2001.
  - ii. Soft Computing – TAD 2002.
  - iii. Information Hiding & Data Encryption –TAD 2004.
  - iv. The subject TCD 2003 ‘Optimization Techniques’ be renamed as TAD 2003 ‘Optimization for Engineering Design’.

4. A common subject code CSD 2001 shall be assigned for the elective subject 'Design of Bridges' and subject code CMD 2002 be deleted from the list of departmental electives under the branch Civil Engineering.
