Advertisement for Project Fellow

Applications are invited for a Project Fellow to work in a UGC major project entitled “Deterministic modelling of the underlying dynamics of surface wind speed fluctuations with application to grid-connected wind power generation”, at Dept of Futures Studies, University of Kerala, Thiruvananthapuram, Kerala, India - 695 034 for a period up to a maximum of 3 years.

Essential Qualification:

First class in M.Sc./M.Tech. with experience in wind speed modelling/chaotic time series analysis/Mathematical modelling and computer programming. NET/GATE qualification is preferred as per UGC guidelines.

Research Fellowship: Rs. 14,000 per month (UGC guidelines applicable)

How to apply: Apply on a plain paper to the undersigned with detailed bio-data, accompanied by copies of relevant Certificates. Kindly mention your contact address, E-Mail. Telephone No etc.

Applications should reach the undersigned within 15 days from the date of advertisement by post or E-mail. The applications will be scrutinized based on qualification, experience and suitability of the candidate in the programme and the final selection will be based on personal interview. Selected candidate will have opportunity for PhD registration.

Dr K. Satheesh Kumar
